

# Internationally acclaimed BMW 1600 COUPÉ

Since its recent introduction in the U.K., the sporty BMW 1600 Coupé has been proclaimed an outstanding success not only here but throughout the world. Motoring journals and correspondents have been unanimous in their praise—"The best small sedan we ever drove" . . . "Surprised at high level of performance" are typical comments.

In fact, this dynamic 4/5 seater, 2-door thoroughbred has all the 'plusses'. It's the perfect combination of sporty performance and safety. The BMW 1600 Coupé sets new standards for family cars: speed 102 mph; 0-50 in 7.2 seconds; 30 mpg; turning circle 31 ft; exceptional road-holding; out-of-this-world visibility.
