

Vignale - Fiat
124 Coupé

The F. Demetriou Group presents the Vignale-Fiat 124 Coupé

A truly winning combination

Vignale, the world-renowned Italian designer and coachbuilder, has been awarded the Golden Mercury, the "Oscar" of European commerce for his car styling. Fiat won the Car of the Year award for their 124 model. The Vignale-Fiat 124 Coupé is therefore a uniquely winning combination. The truly beautiful proportions of this car, with its flared fastback incorporating a "picture" window, are the essence of Italian styling at its highest level. Though termed a coupé, its reclining front bucket seats and contoured rear seats provide armchair comfort for four people, with ample room in the large boot for all their luggage. And the Fiat 124 engine and chassis offer an unmatched combination of performance and safety, economy and reliability.

BODY: two-door all-steel body giving armchair seating for four; wide-opening doors with rear warning lights; electric window lifts; opening front quarter lights; door armrests; fully-reclining front seats; contoured rear seats with companion box and ashtray between; hinged rear quarter lights; grab handles; three courtesy lights; dipping rear-view mirror; lockable glove box; parcel shelf; wood-rimmed steering wheel; heater with booster fan; concealed interior release for boot catch; boot light; lockable petrol filler cap; twin head-lights; wraparound bumpers front and rear. Choice of 16 colours including six metallic, and five upholstery colours. A Standard model of the 124 Coupé is available without electric window lifts, wood-rimmed steering wheel or metallic finish.

TECHNICAL DATA: front-mounted four-cylinder 1197cc engine, compression ratio 8.8:1, 65hp (SAE), five-bearing crankshaft, twin-choke carburettor, recirculating exhaust system. Four synchronised forward gears. Disc brakes all round with braking effort distribution valve. No greasing required.

DIMENSIONS: length 13ft 6in, width 4ft 10in, height 4ft 5½in, fuel tank 8½ gallons (approx.)
